

Passionate about caring for people?

Want to make a difference within your local community?

Want to be your own boss?

Why not become a self-employed **micro-carer?**

You will operate as your own small care business, offering flexible care and support services to people in Flintshire. The services you can provide will be vital to a person's happiness and wellbeing and will help them remain independent in their home and local community.

The types of micro-care services you might offer could include:

- Personal care and support to people in their own home
- Providing Day Care or Breaks for carers
- Support to access community facilities
- Providing well-being services such as cleaning, shopping

How will Flintshire County Council support you to achieve this?

- By supporting you to develop your ideas and business
- Providing access to free relevant training in care and running a business
- Providing advice, guidance and mentoring every step of your journey
- Support to develop and deliver a quality service in line with care regulations
- Potential access to start-up funding
- Support you to find work and become a sustainable business
- Link you with other Micro-care providers in Flintshire
